

**THE HIGH COMMISSION OF THE REPUBLIC OF GHANA
LONDON**

I know my team and I can always count on you as we work together in various fields of endeavour to manage matters in acceptable ways, especially the current pandemic.

Allow me to take this opportunity to wish all our compatriots who are currently battling the virus and their families well and we keep them in my thoughts and prayers. I sympathise with the families of our compatriots who have lost their lives to the deadly Corona Virus. May the souls of the departed rest in peace.

The world is fighting a significant battle against the Corona virus which has affected every aspect of our lives and the global economy has not been spared. I however remain optimistic and I strongly believe that the U.K., Ghana, and the rest of the world will overcome this virus.

As we strive to reduce the levels of infection, I entreat all compatriots to continue to abide by laid down protocols and regulations issued by the U.K. authorities to stem the tide of the pandemic.

Let us all stay safe and we shall overcome!

**H. E. PAPA OWUSU-ANKOMAH
HIGH COMMISSIONER**
